EXERCISE – 2

Question

Execute and display the results of the following commands in Kali Linux Operating System:

1. less command
2. more command
3. vi command

Aim:

To execute and display the results of the rm, users, and tree commands in Kali Linux.

1) LESS COMMAND

Command:

less sample.txt

Use:
Used to view the contents of a text file **one page/screen at a time**. It is useful for reading large files..

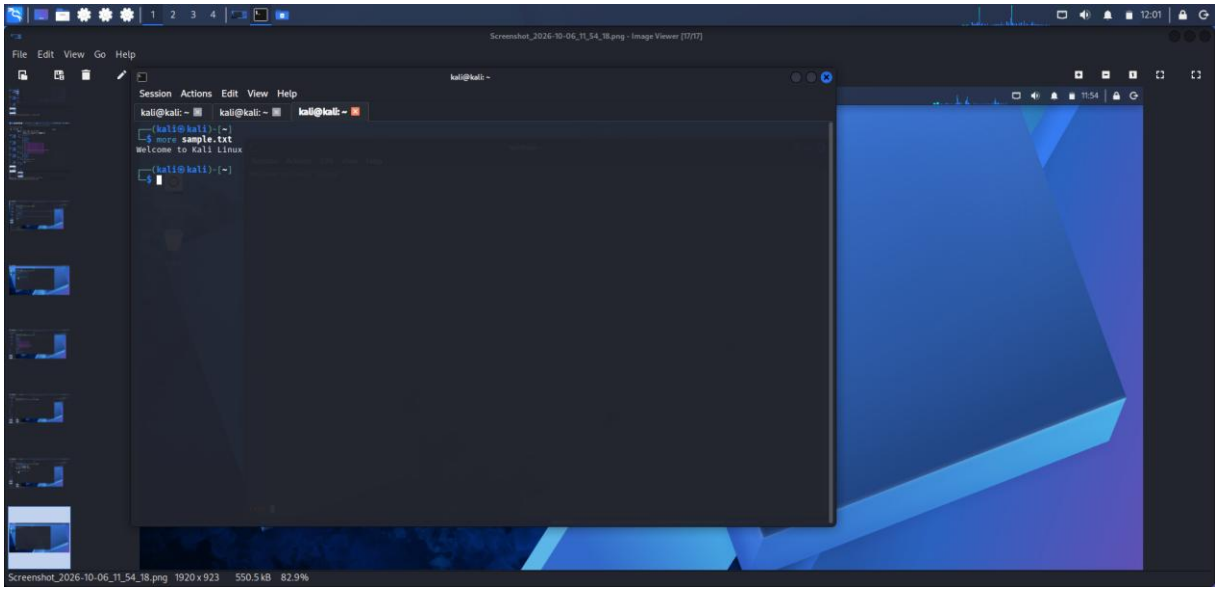

2)MORE COMMAND

Command:

more sample.txt

Use:
Used to display the contents of a text file **page by page**. It is useful for viewing long files..

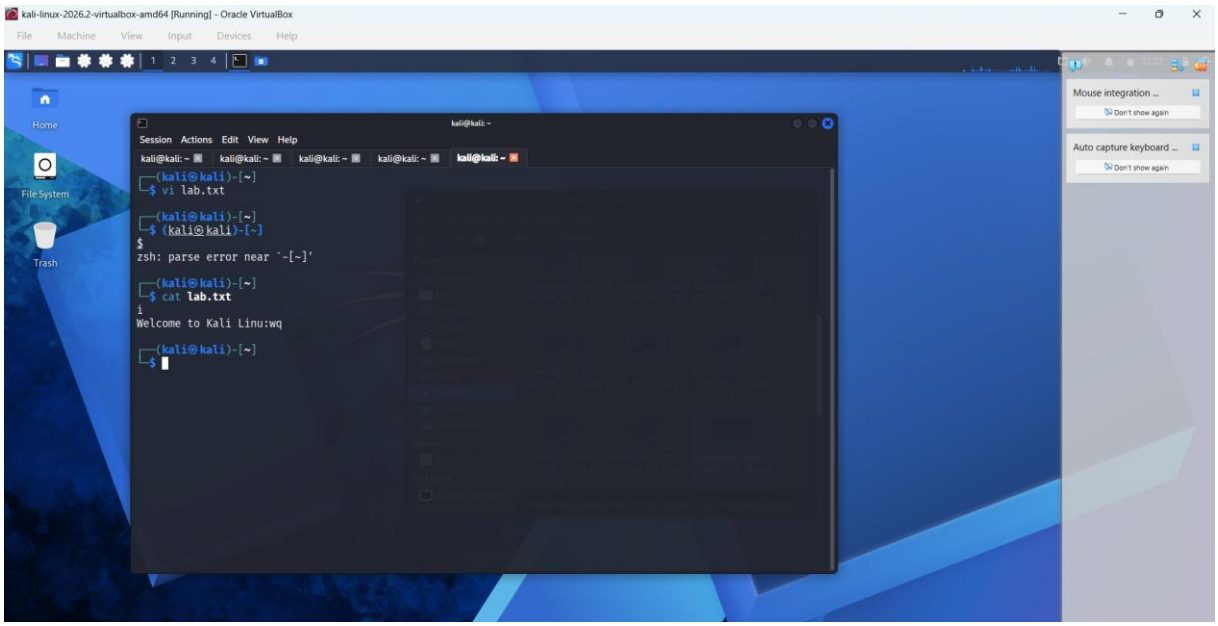

3) VI COMMAND

Command:

vi lab.txt

Use:
Used to **create and edit text files** in Linux.

.

Result

Thus, the rm, users, and tree commands were successfully executed in Kali Linux and their results were displayed.
