EXERCISE – 5

Question

Execute and display the results of the following commands in Kali Linux Operating System:

1. Uptime
2. Date
3. Mv

Aim:

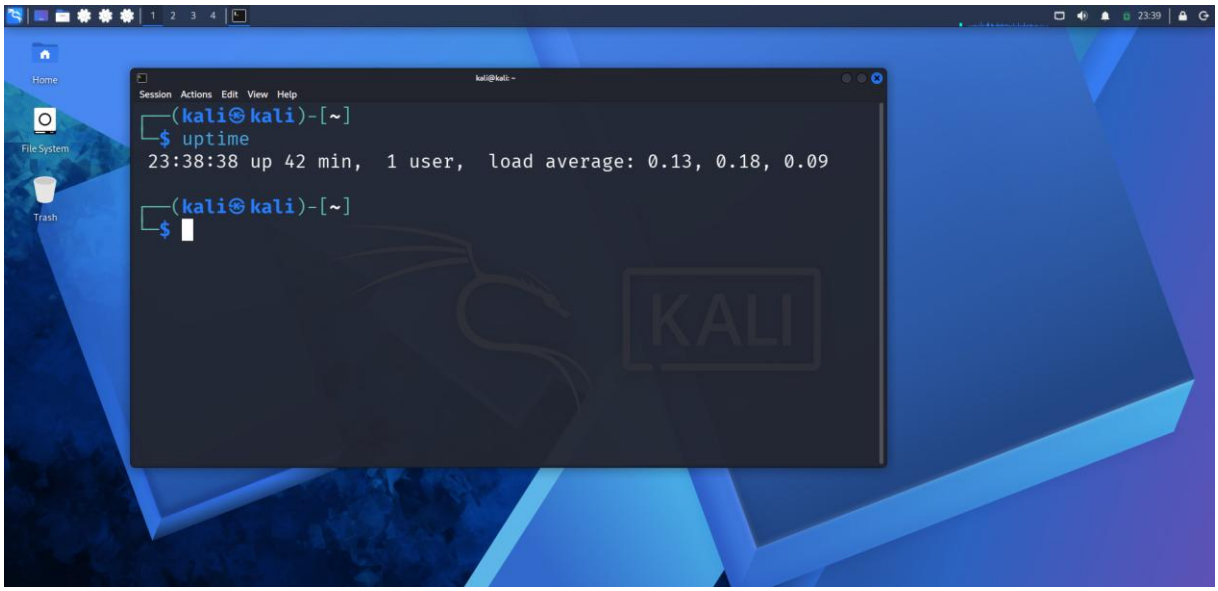

To execute and display the results of the rm, users, and tree commands in Kali Linux.

1) UPTIME

Command:

Uptime

Use:
Used to display **how long the system has been running**, along with the number of logged-in users and system load.

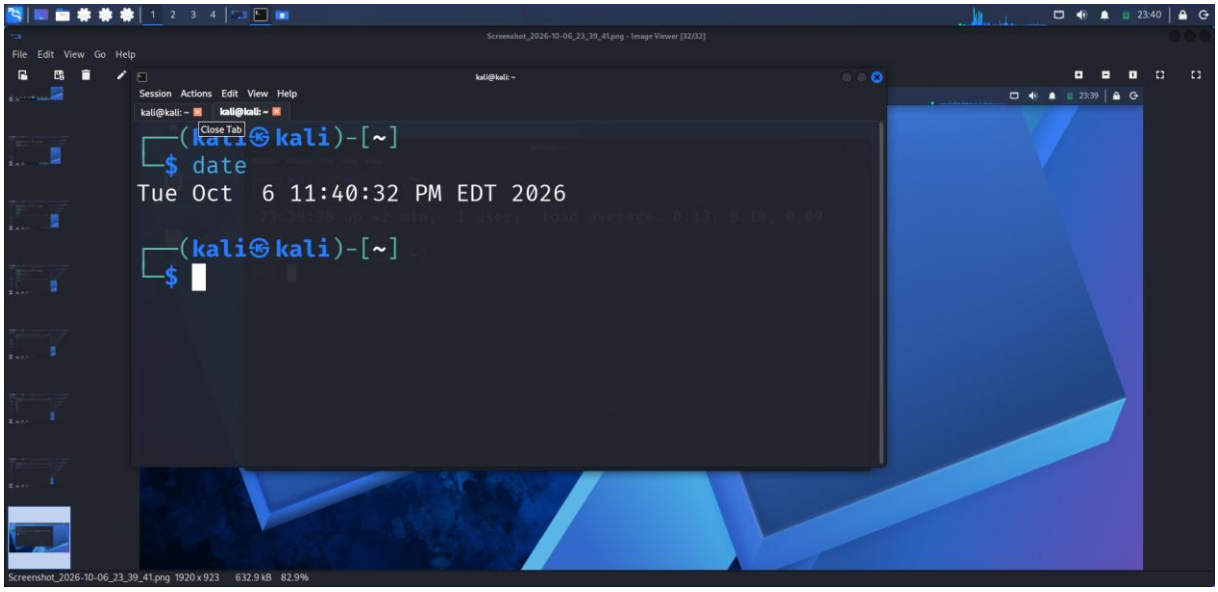

2) Date

Command:

date

Use:
Used to display the **current date and time** of the Linux system.

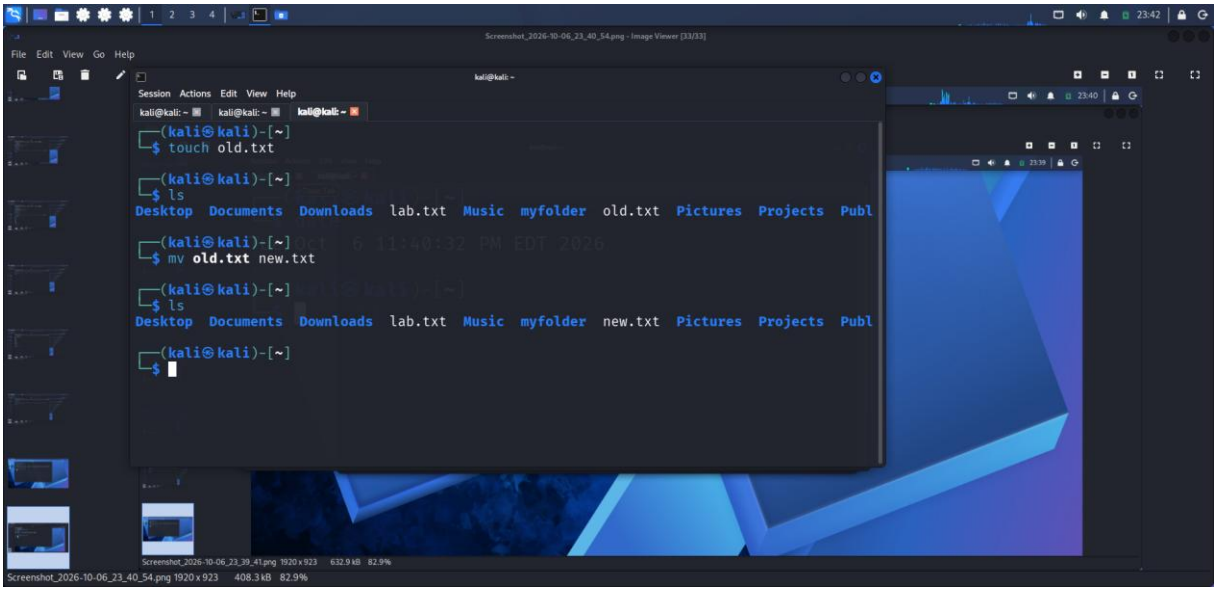

3) Mv

Command:

mv old.txt new.txt

Use:
Used to **move or rename files and directories**.

Result

Thus, the rm, users, and tree commands were successfully executed in Kali Linux and their results were displayed.
